ANAHEIM, Calif., Sept. 18, 2018 /PRNewswire/ -- Nth Generation Computing, Inc. (Nth) announced its 18<sup>th</sup> Annual Technology Symposium, occurring October 10 and 11 at Disney's Grand Californian Hotel in Anaheim, California. Both days feature: a General Session with inspiring keynotes from industry leaders; technology deep dive Breakout Sessions; a Solutions Showcase with sponsor booths and live demonstrations; and popular technology roadmaps (under NDA).

This year's theme, raises the question, "TRANSFORM: Technology, security and IT consumption are transforming. Are you prepared?"

"As organizations seek to reduce ever-growing security risks and stay relevant and efficient, we are excited to help customers 'TRANSFORM' across these accelerating trends," says Dan Molina, CTO at Nth.

Each General Session features a lineup of top-echelon, industry thought leaders, including: Dr. Eng Lim Goh, VP, CTO, High Performance Computing and AI at HPE; John Caruthers, Supervisory Special Agent of the FBI

National Cyber Security Squad, the former Chief of the NSA Cyber Task Force with responsibility for the White House relationship in Cyber with international exposure and invaluable views into US-based organizations Security Threat Landscape; Malcom Harkins, Chief Security and Trust Officer at Cylance, a best-seller author on risk and security; Nicole Eagan, Co-Founder & CEO of Darktrace; as well as multiple experts presenting on hybrid cloud, mobility, hyper-convergence, DevOps, application modernization, IT consumption models, and more.

Sponsors include: HPE, Arrow, Cylance, Fortinet, Mellanox Technologies, Darktrace, Exagrid, Extreme Networks, MetTel, Rubrik, Varonis, Veeam, VMware, Zerto, Cavium, Cohesity, Commvault, Docker, iland, LogRhythm, Micro Focus, Micron Technology, Navisite, Okta, Qumulo, Red Hat, Scality, Thycotic, WekaIO, APC by Schneider Electric, Aruba Networks, Carbonite, and Hedvig.

Nth hosts this annual event exclusively for qualified IT Executives and practitioners. Advanced media registration is available for qualified reporters working for print, broadcast, and web publications with valid press credentials.
